

POLICY: Advanced Placement courses

Thornton Academy requires that all students enrolled in an Advanced Placement (AP) course take the AP exam in the spring. Payment for the exam must be made by September 30th. Financial adjustments for individual circumstances may be made with the approval of the Director of School Counseling. Students should submit all forms and fees to the School Counseling Office by the due date of September 30th.

Students who have not paid for the exam by September 30th will be reassigned to an honors or core level class. In the case of an AP class that was to fulfill a graduation requirement, the course to which the student is reassigned will also fulfill that graduation requirement.
